SUMMARY

A highly skilled and dedicated **Back-End** Developer with expertise in **ASP.NET** development technologies, specializing in building scalable, high-performance server-side applications. Adept at designing and developing robust back-end solutions, ensuring data integrity, and optimizing system performance. Strong proficiency in **C#, OOP, Entity Framework Core, LINQ, ASP.NET MVC, ASP.NET Core, SQL Server**, and integrating third-party **Web APIs**.

EDUCATION

Shorouk Academy

Sep.2021 – Jul 2025.

Bachelor's degree in Computer Science from Shorouk Academy, Faculty of Computers and Information Technology.

CERTIFICATIONS

Route Academy

Apr.2024 – Nov.2024.

Certified in ASP.NET Back-End Development.

WORKING EXPERIENCE

- Computer Science Instructor** "Preparatory Stage" Sep 2022 – Present
 - Teach computer science to third preparatory grade students, focusing on basic programming and safe technology practices.
 - Simplify technical topics to suit student's learning levels and use interactive tools and assessments.
 - Monitor and evaluate student progress through regular assessments and feedback.
 - Contribute to measurable academic improvement, with over 90% of students consistently achieving high grades in computer science.
- Backend Developer** "Freelance, Remote" Oct 2024 – Present
 - Designed, developed, modified and improved RESTful APIs using **ASP.NET Core** and **Entity Framework** for various clients across EdTech, logistics, Health care and E-Commerce sectors.
 - Built and optimized backend systems handling user authentication, order processing, and reporting features.
 - Created and managed relational databases in **SQL Server**, including schema design
 - Integrated third-party APIs (e.g., payment gateways, email services) and implemented secure authentication using **JWT** and **OAuth2**.
 - Supporting clean architecture and **SOLID** principles.
 - Collaborated remotely with frontend developers, designers, and project managers using **Git**, and **Postman**.
 - Delivered projects under tight deadlines while maintaining clean code, scalability, and documentation.

PROJECTS

- Better Life** "Clinic Management System" **GRADUATION PROJECT**

Github: <https://github.com/Abdelhamed-Mohamed-Web-Dev/ClinicManagementSystem-API>

Role: Team Leader and Back-End Developer.

Designed and developed a full-featured **Clinic Management System** to streamline daily operations for clinics and medical centers. The system allows doctors, patients, and admins to interact efficiently through role-based access.

- Appointment Scheduling:** Patients can book, edit, or cancel appointments; doctors can view and manage their schedules.
- Patient Records:** Secure storage and retrieval of patient history, diagnoses, prescriptions, and visit notes.
- Admin Panel:** Manage doctors, specialties, working hours, and system users.
- Authentication & Authorization:** Role-based login for patients, doctors, and admins using JWT or cookie authentication.

- Cartify** "E-Commerce Application"

Github: <https://github.com/Abdelhamed-Mohamed-Web-Dev/E-COMMERCE-API-PROJECT>

Designed and implemented a high-performance backend for an E-Commerce platform, ensuring scalability, security, and seamless integration with frontend and third-party services. Key contributions:

- RESTful API Development:** Built robust APIs (ASP.NET) for product catalog, user authentication, order processing, and payment integration (Stripe).
- Database Architecture:** Optimized SQL Server schemas for 10000+ daily transactions, with indexing and caching (Redis) to reduce query latency by 40%.
- Security:** Implemented JWT for authentication and data encryption.

TECHNICAL SKILLS

- C#, OOP, Data Structure, Problem Solving, Algorithms and SOLID Principles.
- MS SQL Server, ASP.NET MVC, ASP.NET Core, Web APIs and Web Forms.
- Entity Framework, Entity Framework Core and LINQ.
- HTML5, CSS3, JavaScript and Bootstrap.
- Git and Github

PERSONAL SKILLS

Agile Methodology | Time Management | Communication Skills | Multitasking | Leadership Skills | Adaptability | Ability To Work Independently And Collaboratively Within A Team.

LANGUAGES

English: Very Good | Arabic: Mother Tongue.
